LED lamp, QPAR51, GU10, 7.2W, 36Â°, 2700K black

Item No. 1001560

The LED HV reflector lamp is the perfect replacement for high-voltage halogen lamps with a GU10 socket. This LED lamp is also ideal for use in general lighting applications. LED spots produce a neutral light beam and are ideal for use as accent lighting. LED lamps are compatible with most existing lights with a G10 socket and have been developed specially as replacements for halogen bulbs. LED lamps provide increased energy savings and much lower maintenance costs. The product has an energy efficiency index of A+. The weighted consumption is 8 kWh/1000h.
