

Philips Master LED MR16 5W, 3000K 36°

clear

Item No. 1001575

The dimmable LED 240V reflector lamp is the perfect replacement for 240V halogen lamps with a GU10 socket. This LED lamp is ideal for general lighting requirements. LED spots produce a warm light beam that is comparable with halogen lamps, and are ideal for use as accent lighting. LED spots are compatible with the majority of existing lights with GU10 sockets and have been developed specially as replacements for halogen lamps. LED lamps give you significant energy savings and are associated with significantly lower maintenance costs. The product is rated EEC A.

Specification

Colour	clear
