

CON 10 Premium U

CONVECTOR HEATERS

PRODUCT-NO.: 200268

CON Premium U wall convector – heating with style.

The CON Premium U wall convector offers a unique combination of functionality and aesthetics. The CON Premium U enhances its environment not only by providing pleasant heat, but also through its elegant design.

With the aid of the integral controller, the comfort temperature can be controlled precisely using the 7-day timer – scheduled for 7 days, 5 days, the weekend – or spontaneously for between 10 and 120 minutes at the press of a button. If the room is ventilated, the wall convector switches off automatically.

The main features
